

Kreepy Kruiser™

Automatic Inground Pool Cleaner

By Pentair Water Pool and Spa®

Put your pool cleaning on “Kruise” control

The Kreepy Kruiser™ pool cleaner shares many of the design features of the Kreepy Krauly® pool cleaner, the most popular automatic suction-side vacuum in history. Then we added performance features to make Kreepy Kruiser relentless in its pursuit of dirt and debris, while keeping it affordable and sensationally dependable.

Kreepy Kruiser features a new, patented silent flapper design. This sole operational moving part creates the kinetic energy that powers Kreepy Kruiser around your pool. Elegantly simple and highly reliable, this dependable design has been proven in more than 2 million pools worldwide. Other features include:

- Superior vacuum power and extra-wide mouth capture large and small debris with ease.
- Silent flapper design provides quiet cleaning performance.

- Patented seal design includes specially engineered slots and “fingers” to assure the unit won’t get stuck or thrown off course by main drains, tight corners, eyeball fittings, and lights.
- Built-in bumper assures free movement around steps and ladders for total cleaning coverage and uninterrupted, hands-free operation.

Specially designed slots and curved “fingers” climb over obstructions so Kreepy Kruiser keeps performing—unattended and without interruption.

Kreepy Kruiser™

Automatic Inground Pool Cleaner

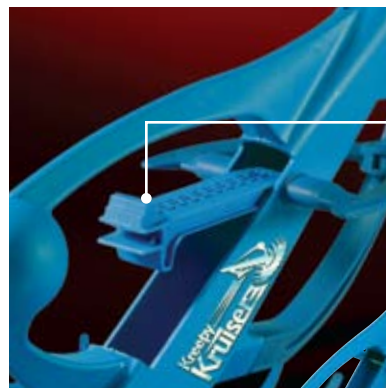

- Connects to your skimmer or vacuum line fitting in minutes without tools.
- Built-in bumper ensures freedom of movement around steps, ladders and other obstacles.
- Patented seal design with slots and curved "fingers" navigate over and around pool obstacles for total coverage and uninterrupted performance.

Supremely simple and relentless in the pursuit of dirt and debris

The Kreepy Kruiser™ pool cleaner is the ultimate in carefree operation. It comes fully assembled. Just add the seal and connect the hoses. No tools required and you're on Kruise control in minutes. It even comes with a free flow gauge and adjustable speed control to ensure optimum performance. Also consider these other hands-free and reliability features:

- No bags or compartments to empty or replace...dirt and debris go right to your filtration equipment...where they belong.
- No wheels or gears to jam or diaphragms to replace.
- No expensive booster pump to buy and operate...it uses your pool's existing filtration system.
- Only one operational moving part...only 8 parts in total.
- All parts are UV stable and chemical resistant for years of dependable service.
- Sleek, compact design increases maneuverability for best cleaning performance.
- Backed by the largest pool equipment company in the world. Have a question? Contact our toll-free customer helpline. Live technical experts are there to help in the U.S. and Canada.
- Two-year limited warranty. See warranty for details.

Flapper—the only moving part in Kreepy Kruiser's simple and dependable propulsion system—and only 8 parts in total.
